6. Term of Office of the Chancellor and the Vice Chancellor:

The Chancellor and the Vice Chancellor were reappointed for another term.

7. Financial Matters:

A summary of the financial statement for 12 months is attached. We are grateful to our sponsors for continuing to send us rupees five lakh per month for the operational expenses of WCU.

Attached are the five budgets which include the annual budget for 2017-18 as it exists today. Second is the budget which should have been implemented this year, but was held back due to lack of funds. The third is the budget for 2018-19 which needs to be approved if we want the development of the university. The fourth budget carries on with the same intention of development in mind. The fifth budget for 2020-2021 shows changes that indicate how we can break even. From 2022, we will see WCU as a full-fledged and developed institution with UGC recognition and with active support of the Government and UGC. The sponsors need not provide any more money for the operational expenses of the university. The capital investment of close to 8 crore that we are suggesting in the third budget is what I feel should have been done a few years ago and if we do not do it now, it will be too late for the development of the university.

8. Future Plan and Programs:

- A. A national seminar on the theme Prudent and Responsible Use of Renewable and Non Renewable Resources of Meghalaya is being organized from 7-9 September here in the University. We expect 150 delegates to participate.
- B. The undergraduate programs will begin from July 2018.
- C. More faculty members will be recruited soon. Every department will have one Professor, two Associate Professors and two Assistant Professors.
- D. Ms Baiphira Lyngskor will supervise the undergraduate programs at Umsning.
- E. A campus site in Shillong has to be identified, bought and construction of buildings should begin with expert assistance. By 2020 we need to get ready the admin building, classrooms and library, hostels for boys and girls, VC's residence, some faculty residences.
- F. Engage in increased promotion and publicity to increase student enrolment.
- G. Introduce popular diploma and certificate courses.
- H. Increase the library strength by 20 thousand volumes in two years.
- I. Work towards zero dependence on sponsors after 2021.

Submitted: Prof. Dr. Paul Mohan Raj, Vice Chancellor.
